

Fork Mounted Sweeper

Fork Mounted Sweeper - This attachment really makes industrial sweeping tasks much easier to accomplish. The versatile forklift mounted broom is designed for use with either wet or dry material clean ups. It can squeegee water and push snow with no trouble. This accessory is normally used in order to clean debris from parking lots, warehouses, construction sites, docks and nearly anyplace it is needed. The forklift sweeper is a low maintenance accessory which utilizes quick-tite tine products to easily mount to the forklift.
