

## Meritor Parts

Meritor Parts - The Meritor Company is a premier global dealer built upon one hundred years of custom of quality and service. Meritor specializes in integrated systems along with different modules and parts to the original machine manufacturers and aftermarket equipment within the industrial and transportation trades.

Meritor prides itself in the company's distinctive energy and feels that this particular energy contributes to their competitive advantage in the international operations. The company values all their customers and would like to guarantee their success while anticipating their diverse requirements. Meritor begins with a culture which values diversity of people and their broad thought processes. Operating in 19 countries and hiring more than 11,200 individuals, Meritor promotes collaboration and innovation among a team of experienced professionals.

Meritor strongly believes in just hiring future focused employees. These top-caliber workers could rapidly adapt to changing environments and freely exhibit the level of commitment and performance needed to be able to get results for the competitive market environment. The company empowers their teams to make sound business decisions to be able to enhance the overall success of the company. In return, Meritor offers all their staff various chances for professional and personal development.

The Advanced Engineering team is on the forefront of systems engineering and components. This comprises axles, drivelines, suspension and braking systems intended for medium and heavy duty trucks, buses, military vehicles, trailers and off-highway vehicles. The Meritor Advanced Engineering team is developing. They opened a new technical center in Bangalore, India in September 2009 so as to lead their advanced product development initiatives that represent the whole Asia Pacific region. This particular team is likewise responsible for supporting the needs of all their international engineering workers.

The Quality team at Meritor is a dynamic and customer-focused group which is devoted to ensuring optimum growth at their production plants and aftermarket distribution facilities which are located on 5 continents and in 19 nations.

They have their supplier network that is particularly situated to support the development of the business. Each and every regional team has internationally supported initiatives, quality systems and centralized in Six Sigma and Materials Engineering. Meritor's growing Six Sigma program encourages a data-driven, fact-based method to decision making in each and every part of the trade. The DFSS or otherwise known as Design for Six Sigma ensures product reliability within every region. The team is even included transactional Green Belts who make use of Six Sigma tools to business techniques and apply lean methods.
