Advance-Nilfisk Parts - Think about how tedious it will really be to tidy up your own home after having a big party, with no help from cleaning equipment. Before, when upholstery and carpets had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the best cleaning supplies of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Starting the company in 1906, he started to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the beginning was to have a global company advertising products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented an incredible, ground breaking vacuum cleaner that could be operated by a single person for the reason that it just weighed 17.5 kilos! This invention came in a time where other cleaning equipment were massive and required 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an ongoing dilemma; things get dirty and need to be cleaned regularly, without a lot of effort.

Gradually but steadily, Nilfisk-Advance grew throughout the years. In the 1980s, this development actually took place when the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the business, aiming to be among the biggest international players in the market of professional cleaning machines. Nilfisk-Advance is presently found in all parts of the globe due to gradually obtaining lots of smaller businesses so as to expand their product range and presence in new markets. They are proud to offer different cleaning solutions to suit every requirement.
