

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Parts - Providing products, solutions and services to be able to ensure efficiency and to increase the productivity in commercial, residential and industrial surroundings, Ingersoll Rand is very proud provider of products which help improve the safety, comfort, security and health of people all across the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman manufactures food merchandising and refrigeration solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting services, parts support and advanced controls for both residential homes and commercial buildings.

Ingersoll Rand's Industrial Technologies division provides products and solutions that enhance their clients' operation, energy efficiency and productivity. The product series is diverse ranging from pumps and tools, fluid and material handling systems to complete compressed air systems. They have even developed Club Car, the global leader in utility and golf vehicles for businesses and individuals.

Recognized brand names such as Schlage and Trane compromise the Residential Solutions business, providing safety, efficiency and comfort to home owners all around North America. Some of their innovative quality products comprise mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, portable security systems, advanced controls and remote home management.

Ingersoll Rand' Security technologies provide products which ensure productive, secure and safe surroundings. This division's market leading products include door and floor closers, exit devices, portable security devices, biometric and electronic access control systems, cabinet hardware, steel locks, doors and frames, decorative hardware and locksets. Schlage even has products that provide personal, time and attendance scheduling systems.
